Refundable Enrolment Deposit Program

The Enrolment Deposit program asks the families of students accepted into St. John Paul II Academy to contribute \$25,000 to the school that will be returned to the family when their child graduates or leaves the school. By introducing this program these funds can be used to help secure bank financing for the school's construction. While these funds are held by the school an interest payment to the family will be made on an annual basis for the duration that these funds are held.

The Enrolment Deposit Form can be found on our website: www.sjp2academy.com/home/admission/register/

Financial Assistance

St. John Paul II Academy is committed to providing accessible Catholic-based education to all families and does offer bursary support for those who would not otherwise be able to attend.

The St. John Paul II Academy Bursary Program provides tuition assistance to those families with demonstrated need for financial assistance based on a formal bursary application and review process.

Financial aid is based on an annual assessment of demonstrated financial need. Demonstrated need is the difference between the cost of St. John Paul II Academy and the resources a family has to meet that cost. Please note that the school has limited funds available and may not always be able to meet the financial needs of all families of applicants. Families may apply for a bursary once their son or daughter has been accepted into St. John Paul II Academy by contacting the Principal.
