

Parent Participation Program

The Society Board supports all aspects of SJP II Academy, including Office Administration, Fundraising, Athletics, Fine Arts, Food Service, General Maintenance and Hosting Special Events. The commitment of our parents allows SJP II Academy to provide programs and services to our children that may not otherwise be possible. Through this program we are able to generate income, reduce costs, and support a wide range of student activities.

The Parent Participation Program is an important dimension of the operation of St. John Paul II Academy. The purpose of the program is to foster a sense of community and pride among our families and provide tangible economic benefits to the school. In addition, participating in the program offers families who meet their minimum requirement as determined by the Society Board the opportunity to save by not paying the non-participating fee.

The St. John Paul II Academy Society Board is responsible for the Parent Participation Program and appoints a Parent Participation Program Coordinator to manage and maintain the administration of the Program Policy.

A Parent Participation Program Coordinator was appointed to the position and will assist the entire Society Board in determining the parameters surrounding this Policy.

The expectation is that all of our families will participate in Supporting SJP II Academy. We recognize that everyone is busy with work and family commitments and we will do our best to try and accommodate your choices. Once you have been accepted into St. John Paul II Academy a Parent Participation Program information form will be provided for you to outline your choices.
