

D.G.S. Construction Company Ltd is an industry leading general contractor specializing in the construction of educational facilities ranging from primary schools to post-secondary institutions.

A key component to our success has been our strong relationships with our clients, subcontractors and suppliers that have been built on years of trust and professionalism.

Our company is family owned and operated and the Rossi's have been deeply rooted in the construction industry since 1960 spanning over 3 generations. The family has successfully completed over 40 school projects valuing over \$750 million combined.

We have a passion for building inspiring educational and recreational spaces for the communities the DGS team lives in.

Similar projects our team has recently completed include Salish Secondary, Edgewood Elementary, Wilson School of Design, and Southside Elementary/Middle School. DGS is currently underway with the new construction of Ta'talu Elementary School and the Construction Managers of the Vanguard Secondary School Addition.

DGS takes pride in every aspect of our work, we're a forward-thinking construction company continually adapting to the latest construction technology and trends while still maintaining our hands-on approach.

We're very proud of the work we do.

DGS Construction Company Ltd.
